This policy governs all Electronics & Gadgets purchases on the Drawnzers platform, including but not limited to smartphones, laptops, tablets, televisions, cameras, audio devices, smart home devices, wearables, computer peripherals, and other electronic goods. Electronics are subject to special policies given their technical nature and the existence of manufacturer warranties.

■ *Note: Electronics & Gadgets have stricter return and exchange conditions than other categories due to their technical complexity. Please read this policy carefully before purchasing.*

2. Product Listing & Verification

All electronic products are priced inclusive of 18% GST (standard rate for most electronics) or as applicable under current GST regulations. A GST invoice is provided with every electronic purchase for warranty and tax purposes.

3.1 Price Protection

Drawnzers does not offer price protection. If the price of a product drops after your purchase, a refund for the difference is not provided. We recommend using Drawnzers' Price Alert feature to track price drops before purchasing.

for missing accessories or transit damage without video evidence may be subject to additional verification and may take longer to resolve.

■ **Important: Drawnzers reserves the right to reject return claims for physical damage if no unboxing video is available and damage appears to be post-delivery.**
