SECTIONS IN THIS FAQ

1. Pre-Purchase (5 Questions)
2. Ordering & Delivery (4 Questions)
3. Returns & Replacement (5 Questions)
4. Warranty (3 Questions)
5. Refunds (2 Questions)

Pre-Purchase

Q1. Are all electronics on Drawnzers brand new?

A: Yes, all electronics on Drawnzers are brand new and sealed unless listed as 'Certified Refurbished'. Refurbished items are clearly tagged. All new electronics carry the original manufacturer warranty.

Q2. How do I verify if a product is a genuine India variant?

A: Look for 'India Variant' or 'BIS Approved' tags on the product listing. India-region electronics are compliant with Indian voltage standards (220V-240V, 50Hz) and come with Indian warranty. International variants are clearly marked and sold at buyer's own risk for warranty.

Q3. What is the difference between 'Sold by Drawnzers' and 'Sold by Seller'?

A: 'Sold by Drawnzers' means Drawnzers is the direct seller — highest reliability, fastest returns. 'Sold by Seller' means an authorized third-party seller sells through Drawnzers. Both are verified, but Drawnzers' own listings come with Drawnzers' direct quality guarantee.

Q4. Can I request a demo before buying a laptop or TV?

A: We don't offer physical demos. However, you can check detailed specification sheets, user reviews, and expert ratings on the product page. For high-value purchases, our customer support team can assist with detailed product consultations via chat or phone.

Q5. Is EMI available on electronic products?

A: Yes, No-Cost EMI is available on electronics above ₹3,000 on select credit cards and through Bajaj Finserv, ZestMoney, and other BNPL partners. EMI options are displayed at checkout based on the product and your payment method.

Ordering & Delivery

Q6. How long does delivery take for a laptop?

A: Metro cities: 2–4 business days. Tier 2/3 cities: 4–7 business days. All electronics above ₹5,000 require OTP-based delivery — ensure your registered mobile is available at delivery time.

Q7. My TV package arrived with external damage. Should I accept it?

A: Do not accept visibly damaged packages for high-value electronics. Refuse delivery and note the damage on the delivery confirmation slip. Contact Drawnzers support immediately. If you accepted and found damage later, report within 24 hours with the unboxing video.

Q8. What is OTP delivery and why is it required?

A: For electronics above ₹5,000, Drawnzers requires OTP verification to ensure secure delivery to the correct person. An OTP is sent to your registered mobile number. The delivery executive will verify the OTP before handing over the product.

Q9. Can I get electronics delivered to a different city than my billing address?

A: Yes. The shipping address and billing address can be different. Enter the correct delivery address at checkout. GST invoice will reflect the billing address.

Returns & Replacement

Q10. My phone doesn't turn on at all (Dead on Arrival). What do I do?

A: Report it immediately via 'My Orders' → 'Return/Replace' with the reason 'Dead on Arrival'. We will arrange a pickup and issue a brand-new replacement within 7–10 business days. Having an unboxing video will speed up the process significantly.

Q11. I opened my laptop and found a key missing. What do I do?

A: Report missing accessories within 48 hours of delivery via 'My Orders'. Select 'Missing Item/Accessory'. Drawnzers will investigate with the seller and arrange for the missing accessory or issue a partial/full refund.

Q12. Can I return a working laptop just because I changed my mind?

A: No. Change of mind is not a valid return reason for electronics. Electronics can only be returned for defects, wrong product, or damage. We recommend checking specifications thoroughly before purchasing.

Q13. What if my earphones stop working after 5 days?

A: Within 10 days of delivery, this qualifies as a manufacturing defect. Initiate a return/replace from 'My Orders'. After 10 days, contact the brand's warranty service center with your Drawnzers GST invoice.

Q14. Does Drawnzers offer a replacement or a repaired unit?

A: For eligible returns within 10 days, Drawnzers only offers brand-new replacements — not repaired or refurbished units. Repaired units are never sent as replacements.

Warranty

Q15. How do I claim manufacturer warranty for my product?

A: Visit the brand's authorized service center with your product and the GST invoice from Drawnzers (the invoice serves as proof of purchase). Drawnzers can email you a duplicate invoice via support@drawnzers.in if needed.

Q16. What does the manufacturer warranty NOT cover?

A: Physical damage (cracked screens, broken ports), water damage, software tampering (rooted/jailbroken devices), and damage due to power surges are typically not covered. Always refer to the specific manufacturer's warranty terms.

Q17. I bought an extended warranty from Drawnzers. How do I use it?

A: Log in to Drawnzers, go to 'My Orders' → Select the product → 'Extended Warranty' → 'Raise Warranty Claim'. A warranty executive will contact you within 24 hours to schedule service.

Refunds

Q18. How long does a refund take for an electronic return?

A: After pickup and quality/technical inspection (3–5 business days), refunds are processed within 7–10 business days. For orders above ₹15,000, additional verification may extend this to 14 business days.

Q19. I paid via EMI. How is the refund processed?

A: The refund is credited to your credit card/account. The EMI closure is handled by your bank — you may or may not need to pay EMI cancellation charges depending on your bank's policy. Contact your bank for details.
