Pre-Purchase

Q1. How do I know if a furniture piece will fit in my room?

A: Every listing includes exact dimensions (L×W×H in cm and inches). Measure your available space before ordering. We also provide a room size recommendation guide on select listings. Use the Drawnzers AR feature (available in the app) to visualize furniture in your space.

Q2. What does 'self-assembly' mean?

A: Self-assembly furniture comes in flat-pack form with all hardware and an assembly manual. No special tools are usually required (basic screwdriver/Allen key included). Assembly time varies from 30 minutes to 3 hours depending on the piece. Assembly videos are available on the product page.

Q3. Can I request a shade different from what's shown?

A: Available colours are displayed as options on the product listing. If a specific colour is not listed, it's not available. Custom colour orders are not offered on the standard platform (contact b2b@drawnzers.in for bulk/custom orders).

Delivery

Q4. How will my sofa be delivered?

A: Large furniture is delivered by specialized logistics teams. Delivery is to your door or ground floor. Room-of-choice delivery is available in select cities for an additional charge. The delivery team will call 24 hours in advance to schedule a slot.

Q5. Will the delivery team help with unpacking and placement?

A: Standard delivery includes drop-off only. Room-of-choice delivery includes unpacking and placement. Assembly service (separate booking) includes complete setup.

Q6. How long does furniture delivery take?

A: Metro cities: 5–10 business days. Tier 2/3: 8–15 business days. Custom/made-to-order: 4–8 weeks.

Returns

Q7. I assembled my wardrobe and one panel is cracked. Can I return it?

A: Yes. Manufacturing defects found during or after assembly (within 10 days) qualify for return or part replacement. Upload photos of the cracked panel via 'My Orders'. Drawnzers may send a replacement part instead of collecting the entire piece.

Q8. The colour of my sofa looks different from the website. Can I return it?

A: Minor colour variations due to screen settings are not return-eligible. Significant colour differences (completely different shade from listing) qualify for return with photos. Contact support within 10 days of

delivery.

Q9. Once I assemble furniture, can I still return it?

A: Assembled furniture can be returned only if there is a manufacturing defect. Change of mind returns are not accepted for assembled furniture.

Assembly & Installation

Q10. How do I book the assembly service?

A: Select 'Add Assembly Service' at checkout, or go to 'My Orders' after delivery and select 'Book Assembly'. The service is available in select cities only. Availability and charges are displayed before booking.

Q11. What if the assembly technician damages my furniture?

A: If damage occurs during professional assembly, Drawnzers will repair or replace the damaged component free of charge. Report within 24 hours of assembly with photos.
