2.2 Drawnzers Green Score

Each eco-friendly product on Drawnzers carries a Drawnzers Green Score (1–5 leaves) indicating its sustainability level based on material sourcing, manufacturing process, packaging, and end-of-life recyclability. Product pages detail how the Green Score is calculated.

3. Packaging

Drawnzers uses sustainable packaging for all Eco-Friendly category orders — recycled cardboard boxes, paper tape, biodegradable void fill, and seed paper packing slips. Plastic packaging is eliminated for this category. Customers are encouraged to recycle or compost the packaging.

5. Return Policy

Sustainable & Eco-Friendly products follow standard Drawnzers return conditions with additional emphasis on reducing unnecessary returns (as returns have an environmental footprint).

5.1 Eligible Return Conditions

- Wrong product delivered.
- Damaged product received.
- Product found to carry false sustainability certifications (report to ecofraud@drawnzers.in).
- Product materially different from listing description.

5.2 Drawnzers Return Reduce Initiative

Drawnzers encourages customers to consider whether a return is truly necessary. For minor issues, Drawnzers may offer a partial refund without requiring a return (to reduce carbon footprint of reverse logistics). Drawnzers Reward Points are offered to customers who choose partial refunds over returns for minor defects.

6. Refund Policy

- Approved refunds: 5–7 business days.
 - Sustainability fraud refunds (fake certification claims): Full refund + 10% compensation.
-
